MAMBO EN DE ZOMERMISSIE

MAMBO AND THE SUMMER MISSION

Het is een warme zomerochtend.
De zon staat al hoog aan de hemel als Mambo zijn helm opzet. Vandaag heeft hij een héél bijzondere klus. Op de Mammoet-werf wacht iets groots... héél groots. Het past maar nét op de trailer!

It's a warm summer morning. The sun is already shining high in the sky when Mambo puts on his helmet. Today, he has a very special mission. Something big is waiting at the Mammoet yard... really big. It barely fits on the trailer!

Mambo kijkt goed om zich heen.
Alles moet veilig en stevig vastzitten.
Dan heft hij zijn slurf en geeft het sein: klaar voor vertrek!

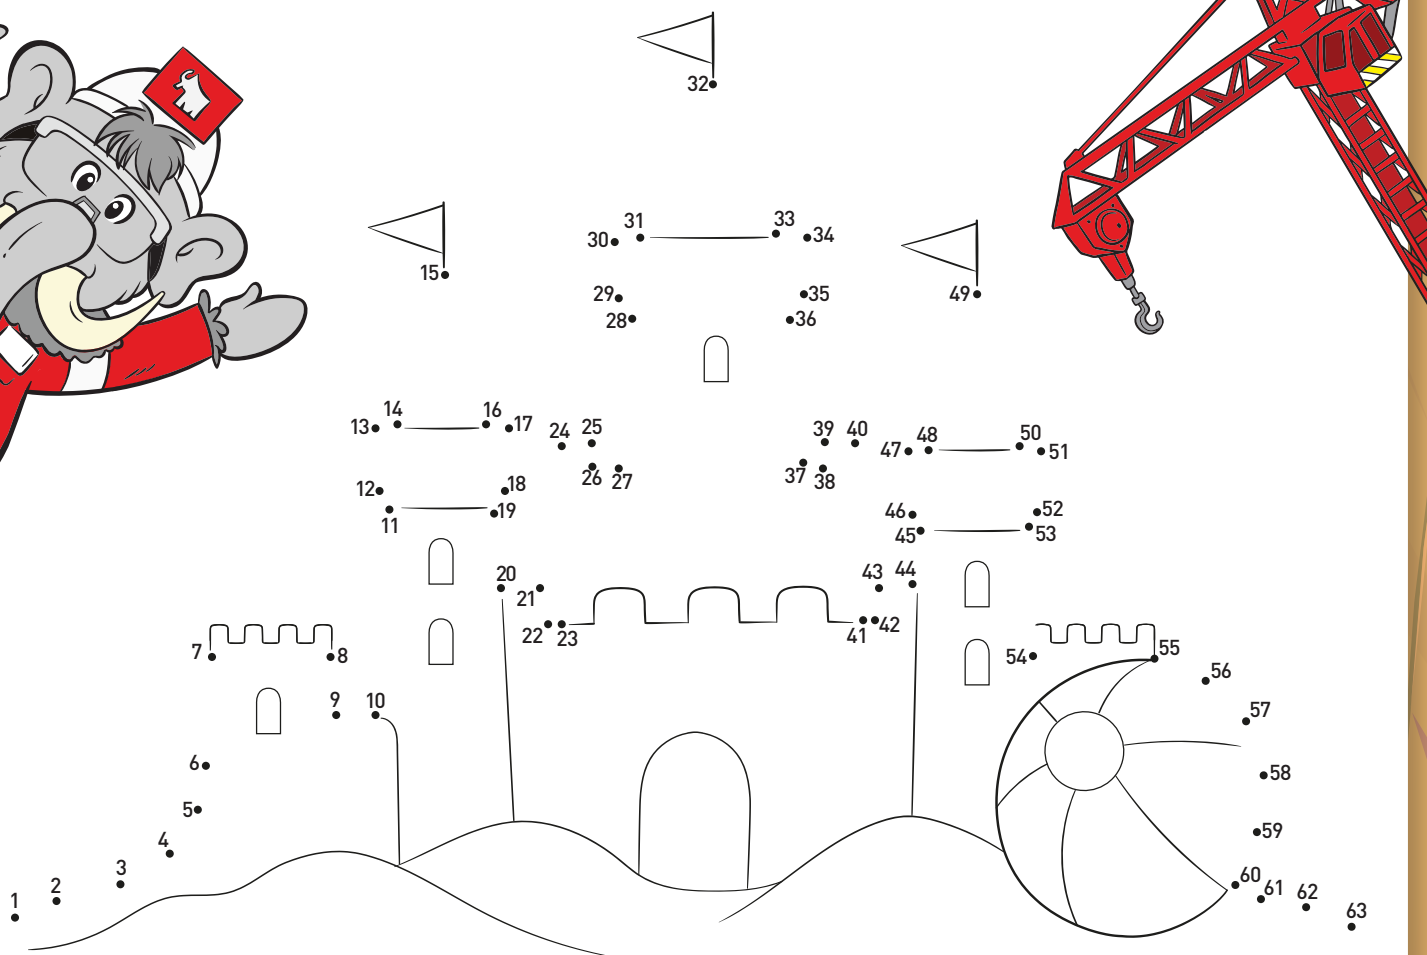

Mambo looks around carefully.
Everything must be safe and tightly secured.
Then he lifts his trunk and gives the signal: ready to go!

Langzaam rijdt het zware transport weg.
Mensen zwaaien, meeuwen vliegen mee en Mambo glimlacht trots.

Slowly, the heavy transport starts moving.
People wave, seagulls fly alongside, and Mambo smiles proudly.

Wat vervoert hij vandaag?
Een enorme parasol? Een mega-ijsje?
Verbind de puntjes en zie wat Mambo vervoert!

What is he transporting today? A giant beach umbrella? A mega ice cream?
Connect the dots and discover what Mambo is carrying!

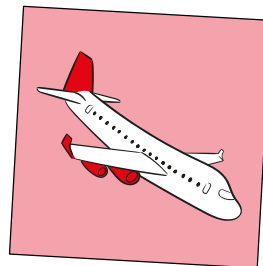

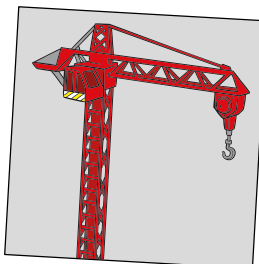

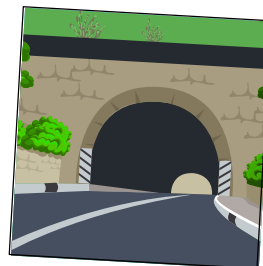

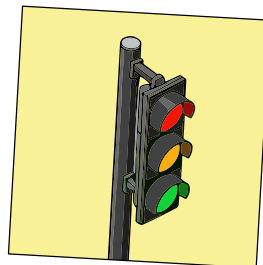

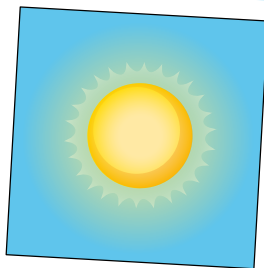

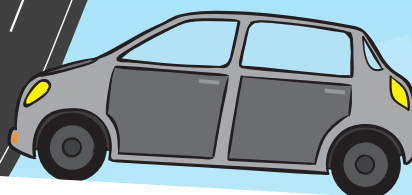

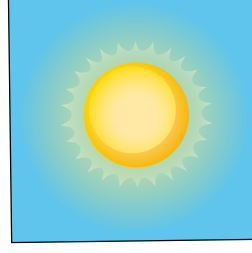

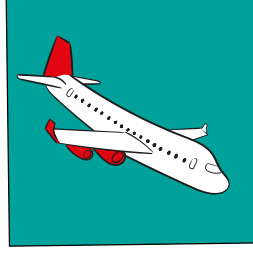

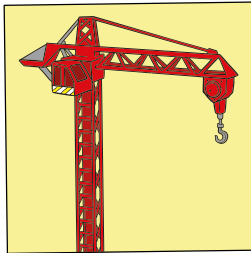

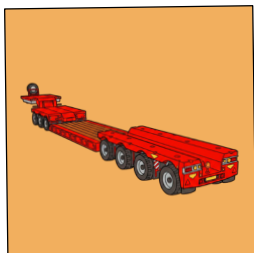

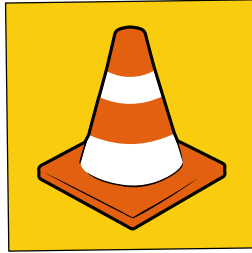

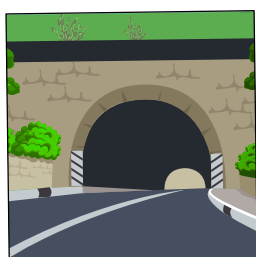

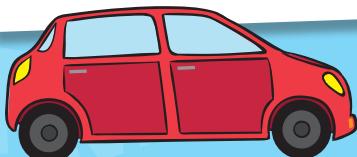

AUTOBINGO CAR BINGO

Op de weg komt Mambo van alles tegen, maar jij natuurlijk ook! Speel deze bingo met je familie of vrienden in de auto.

Wie als eerste bingo heeft, wint!

On the road, Mambo sees all kinds of things — and of course, so do you! Play this bingo game with your family or friends in the car. Whoever gets bingo first wins!.

TEL MEE MET MAMBO COUNT WITH MAMBO

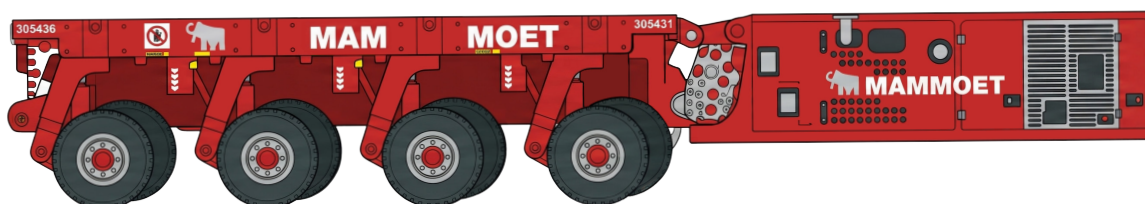

Hier zie je twee SPMT-delen. Het eerste deel heeft 4 aslijnen, het tweede deel heeft 6 aslijnen. Tel ze samen!

Here you see two SPMT modules. The first module has 4 axle lines, the second module has 6 axle lines. Add them together!

Dit is een SPMT. Zie je de wielen?
Elk wiel is een aslijn.
Hoeveel aslijnen zijn dat?

This is an SPMT. Do you see the wheels?
Each wheel set is an axle line.
How many axle lines are there?

$4 + 6 =$ aslijnen

$4 + 6 =$ axle lines

Kijk goed naar de SPMT en tel de wielen.
Hoeveel zijn dit er? 4, 6 of 8?
Teken er nu 2 wielen bij.

Look carefully at the SPMT and count the wheels. How many are there? 4, 6 or 8?
Now draw 2 more wheels.

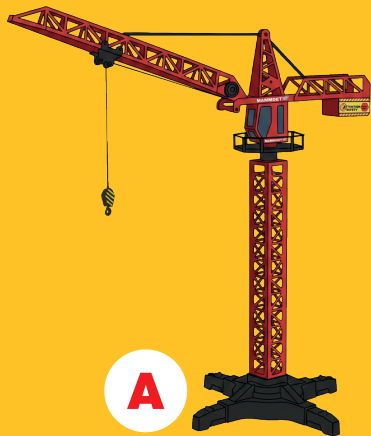

Hoeveel zijn dit er nu?

How many are there now?

WELKE IS ANDERS? WHICH ONE IS DIFFERENT

Kijk goed naar de tien kranen. Ze lijken allemaal hetzelfde, maar toch is er een anders dan de rest. Omcirkel welke dat is.

Look carefully at the ten cranes. They all look the same, but one is different from the others. Circle the one that is different.
